WQ+ PLUS

WQ+ created the smart toilet experience as the flawless harmony of user comfort and technology. Explore the innovative features of **WQ+** that change habits.

Innovation That Changes Habits

WQ+ offers a unique hygiene experience that allows you to save personal settings such as temperature, light, and sound, enhancing your hygiene experience to the maximum with its plasma sterilization feature, which cleans itself.

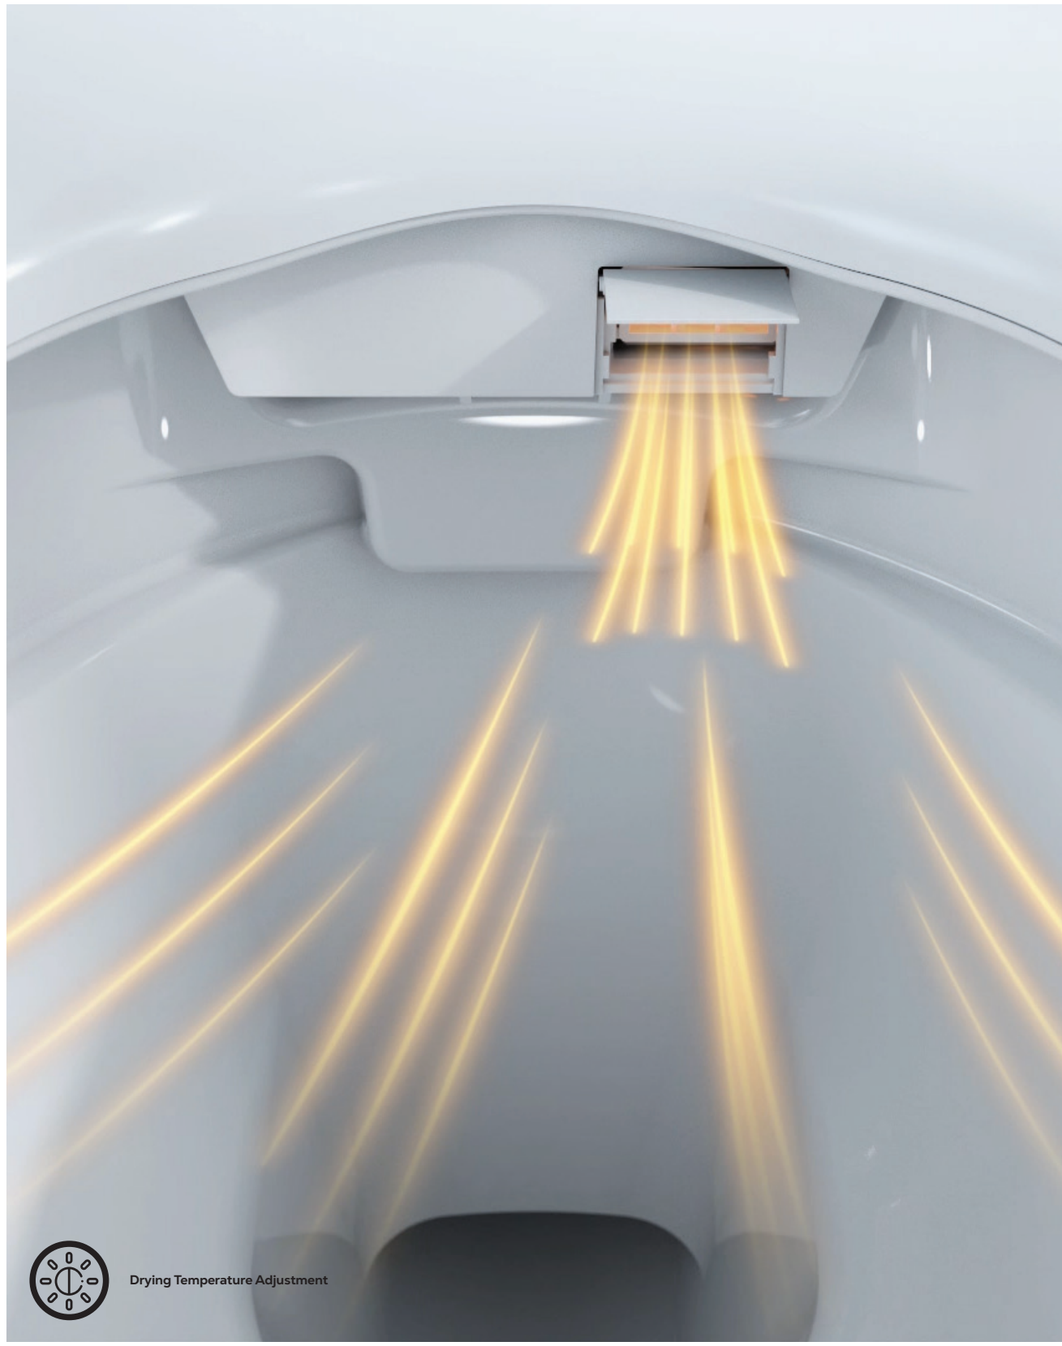

Control is in your hand

WQ+ allows you to control all its features with a remote control, providing you a personalized comfort experience by remembering your habits.

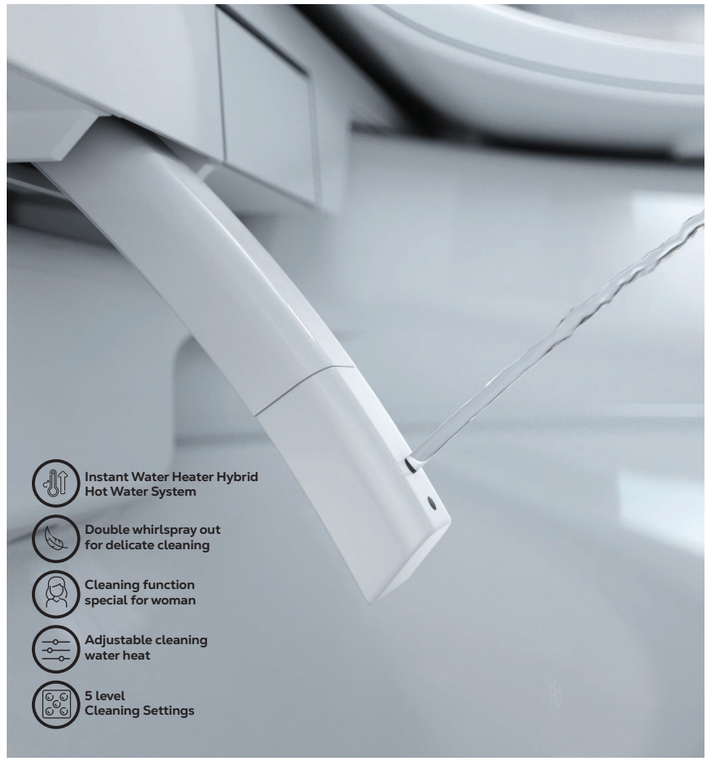

Touchless - Hygienic - Healthy

WQ+ adds a new dimension to your hygiene and comfort experience with innovative touches. The foot sensor provides a touchless hygiene experience for you, with features like flushing and lid open-close. It perfects it.
